

## List of subjects for “Design” field of study

### Major – Graphic design

1. Physical education
2. History
3. Philosophy
4. Foreign language
5. Russian language and speech culture
6. Jurisprudence
7. Life safety
8. Academic drawing
9. Academic painting
10. Propedeutics
11. Color science and coloristics
12. Economic basis of design activity
13. History of art
14. Economics theory
15. Marketing and management
16. Technical drawing
17. Academic sculpture and plastic modeling
18. History of design
19. Cultural science
20. Design engineering
21. Computer technology in professional activity
22. Art in contemporary history
23. Typography
24. Applied physical education
25. Psychological and pedagogical basics of design education
26. Theory of design education
27. Graphics techniques
28. Graphic design techniques and materials
29. Basics of production skills
30. Printing technology in design
31. Photographics
32. Genre photography
33. Information technologies in visual communications
34. Computer graphics
35. Illustration of printed products
36. Magazine illustration
37. Education internship (internship for getting primary professional skills, including skills for research)
38. Production internship (internship for getting professional skills and experience in the field of study)
39. Production internship (pre-diploma practice)
40. State exams
41. History of Omsk art culture

## Major - Environmental design

1. Physical education
2. History
3. Philosophy
4. Russian language and speech culture
5. Foreign language
6. Jurisprudence
7. Life safety
8. Academic drawing
9. Academic painting
10. Propedeutics
11. Color science and coloristics
12. Economic basis of design activity
13. History of art
14. Artistic design
15. History of design, science and technology
16. Architectural and design materials science
17. Special drawing
18. Computer technology in environmental design
19. Basics of landscape design
20. Planning in environment design
21. Basics of production skills
22. Theory and methodology of environment design
23. Computer graphics
24. Applied physical education
25. Types of architectural space forms
26. Art in urban planning
27. Art history
28. History of arts and crafts
29. Graphic printing technology
30. Technology of products from different materials
31. Color science in environmental design
32. Graphics
33. Industrial graphics
34. Drawing in urban planning
35. Education internship (creative practice)
36. Education internship (internship for getting primary professional skills, including skills for research)
37. Production internship (creative practice)
38. Production internship (internship for getting professional skills and experience in the field of study)
39. Production internship (pre-diploma practice)
40. State exams

## Major - Costume design

1. Physical education
2. History
3. Philosophy
4. Foreign language
5. Russian language and speech culture
6. Jurisprudence
7. Life safety
8. Economics theory
9. Academic drawing
10. Academic painting
11. Propedeutics
12. Color science and coloristics
13. Economic basis of design activity
14. History of art
15. Costume design
16. Computer graphics
17. Fashion concepts
18. History of costume
19. Special drawing
20. Modeling and anthropology
21. Model making
22. Materials science
23. Theory and methodology of design engineering
24. Project design
25. Applied physical education
26. Clothing technology
27. Knitwear technology
28. Material design (costume)
29. Material design (knitwear)
30. Plastic modeling
31. Architectonics of plastic forms
32. Textile design
33. Souvenirs
34. Education internship (creative practice)
35. Education internship (internship for getting primary professional skills, including skills for research)
36. Production internship (internship for getting professional skills and experience in the field of study)
37. Production internship (pre-diploma practice)
38. State exams
