

THE INTRODUCTION OF INSTITUTION OF «PEASANT CHIEF» IN THE STEPPE REGION IN THE EARLY XX CENTURY

The article examines the activities of administrative institutions of the Steppe region in solving problems related to the organization of peasant self-government. Attention is drawn to the introduction of the institution of peasant leaders who had the right to supervise all peasant social administration. Information on the activities of the indispensable members on peasant affairs of the regional boards is given.

Keywords: Steppe region, administration, management, Governor, peasant self-government, peasant chief.
