

WAYS OF INCREASING MOTIVATION OF STUDENTS TO STUDY FOREIGN LANGUAGE IN TECHNICAL UNIVERSITY

The article deals with ways of teaching that contribute to increasing the motivation of students to study a foreign language in a Technical University. The results of the conducted questioning of students on revealing the motives that motivate students of a Technical University to study a foreign language are presented. It is concluded that the main motivating factor is the communicative approach and the involvement of students in speech activity in the studied language.

Keywords: motivation, increase of interest, methods and means of motivation, satisfaction with results.
