## ACTUAL PROBLEMS OF OMSK REGION DEVELOPMENT IN CONTEXT OF MODERN SOCIO-ECONOMIC PROCESSES IN RUSSIAN FEDERATION

The article examines the factors and conditions of the Omsk region development in the context of modern socio-economic realities in the Russian Federation, identifies its strengths and weaknesses, analyzes the most acute problems that predetermined the low growth rates of key economic indicators. The main emphasis is made on determining the reasons for the strengthening of destructive processes in the formation and use of human resources in the Omsk region. Possible directions of their neutralization for achievement of positive indicators, improvement of quality of life of the population, growth of competitiveness and reduction of migration outflow of residents of Omsk and Omsk region to other regions of the Russian Federation are offered.
